

SINCRONIA BLANC

Year 2023

Varieties: Chardonnay, Premsal, Giró and Parellada

Winemaking zone: Vi de la Terra de Mallorca

Viticulture: Biodynamic

Climatology: The year 2023 has been a year of contrasts. In February we said goodbye with a significant snowfall of more than 4 cm thick in Porreres and Felanitx, which is unusual. A spring of moderate rainfall followed and we closed the season with an unprecedented and localized episode of rain that accumulated 204 liters accompanied by hail. In two days the equivalent of 40% of the annual rainfall was accumulated. Felanitx vineyards did not receive as much water.

The statistics speak of an even warmer year than in 2022, but the perception is that in 2023 the heat arrived

later than the previous year. The truth is that the summer months were extremely hot. July was a month of many tropical nights and two heat waves were recorded. In August in Porreres we had 8 days with temperatures over 36 degrees, when the normal is 2 and September was a hot month. The end of summer and autumn have not been generous in terms of rainfall or low temperatures and the green plant covers planted during October and November have hardly grown at all.

Vinification: Sincronia Blanc is the sum of various winemaking techniques. On one hand, pre-fermentation maceration of the Premsal Blanc grapes, and then direct pressing of the grapes from the youngest Chardonnay and Parellada vines, between 10 and 40 years old.

Type of ageing: Once the varieties have been fermented separately, we combine them to obtain the final coupage and then keep them with the fine lees until just before bottling.

Alcoholic degree: 13%

ATT: 5,1

Residual sugars: 0,6

Clarification: Bentonite in fermentation

Bottling: February and April 2024

Market launch: February 2024

Tasting note: The notes of white fruits like apple and pear appear first, then giving way to sweeter sensations reminiscent of peach or melon, with a slight hint of coconut. In the mouth it is well-rounded, meaty, long and persistent, with a finish that is full but fresh.

Comments: Synchrony is the magic of life. What we sometimes experience as a negative event can become an opportunity, something that occurs at the same time as something else. The young wines of Mesquida Mora are born in synchrony with their siblings ACROLLAM, TRISPOL and SÒTIL.

The labels of SINCRONIA wines are composed of small fragments of coloured paper, like life itself, representing the vines where they were born and composing a picture that evokes the Mediterranean essence of our island, Mallorca.

SINCRONIA BLANC is illustrated with a small boat, symbolizing the will and ambition to cross new seas and oceans.
